# Risk Identification

Last Modified:

We analyze present, future, and emerging threats to animal health to estimate the likelihood of a damaging event and to determine potential pathways of introduction and spread. Using data and information from multiple sources, we provide epidemiologic assessments of animal health issues.

## Animal Health Notices

[Japanese Encephalitis Virus \(May 2023\)](#)

[Theileria orientalis Ikeda \(January 2021\)](#)

[Infectious Hypodermal and Hematopoietic Necrosis Virus \(August 2020\)](#)

[Streptococcus Zooepidemicus \(November 2019\)](#)
