# Finland, Malta, Ireland (including Northern Ireland) and Norway - Health Certificates

Last Modified:

## Important!

***Before choosing one of the health certificates below, you must read [Finland, Malta, Ireland \(including Northern Ireland\)\\*, and Norway's\\* pet travel requirements](#).***

**Note:** Dogs must be treated for tapeworms by an Accredited Veterinarian BEFORE traveling to Finland, Malta, or Ireland (including Northern Ireland), or Norway.

\*Northern Ireland and Norway are not part of the European Union (EU) but follow EU requirements.

## Pet Dogs, Cats or Ferrets

## **Designated person\* traveling on the same plane as the pet(s)**

*\*Designated person is a family member, friend, or other person authorized by the owner to travel with the pets.*

**Notice:** The pets must arrive in the EU **within 10 days** from the date USDA endorses the "Non-commercial" health certificate.

**Notice:** The designated person must travel with the pet if the owner is traveling within 5 days of the pet's travel. The pet can only travel alone if it is using a commercial health certificate.

#### [Non-commercial Health Certificate for DOGS](#)

**Dogs must be treated for tapeworms** by an Accredited Veterinarian **24 to 120 hours (1 to 5 days) before** scheduled arrival in the EU country. This treatment can happen before or after USDA endorsement of the health certificate.

**Pet Transport Company or Airline Cargo is solely responsible for shipping the pet AND the owner or designated person\* has traveled or will travel within 5 days of the pet(s)**

*\*Designated person is a family member, friend, or other person authorized by the owner to travel with the pets.*

**Notice:** The pets must arrive in the EU **within 10 days** from the date USDA endorses the "Non-commercial" health certificate.

**Notice:** The designated person must travel with the pet if the owner is traveling within 5 days of the pet's travel. The pet can only travel alone if it is using a commercial health certificate.

If the owner or designated person **CANNOT** travel with the animal but is traveling within 5 days (before or after) of the pet, the exporter may submit a Non-Commercial health certificate as long as they provide a justification for not traveling with the pet/s and the owner's travel information along with the health certificate.

Pets transiting through the EU to a non-EU country as the final destination without their owners or designated person can use a Non-Commercial health certificate as long as the owners are traveling within 5 days and must provide a justification and travel information along with the certificate. Otherwise, the pet/s must travel with a Commercial Dog, Cats, and Ferret health certificate.
