	Columbus Day	Second Monday in October
	Veteran's Day	November 11
	Thanksgiving Day	Fourth Thursday in November
	Christmas Day	December 25

- Special Holidays**
- Inauguration Day (for Washington, D.C., Metropolitan area only).
  - Any day designated a holiday by Federal Statute or Executive Order.

Employees will not report to work on Federal holidays unless required to do so by their supervisor. Days off for Federal holidays for full-time employees are scheduled as follows:

<b>Full-time Employees</b>	<b>When a holiday falls on :</b>	<b>Then the holiday will be observed on:</b>
	Any day of the employee's basic workweek	That day.
	An employee's nonworkday	On the previous work day.

**Full-time  
Employees  
on First-40-  
Hour Tours**

First-40-hour employees must have their basic workweek scheduled before the start of the administrative workweek. Although the basic workweek is considered the first 40 hours worked, the supervisor or manager must establish the specific days of the week on which the hours will be worked. Employees must have at least one scheduled day off per week, preferably two.

In every case the 8-hour holiday becomes part of the employee's 40-hour tour of duty. A supervisor may not reschedule a basic workweek for the primary purpose of either including or excluding a holiday from the basic first 40 hours.

Days off for holidays will be scheduled as follows:

	<b>When a holiday falls on:</b>	<b>Then:</b>
<b>Days Off for Holidays for First-40- Hour Full- time Employees</b>	Any day of the employee's basic workweek	That day is designated as the holiday.
	Sunday and the basic workweek does not include Sunday	The subsequent workday is designated as the holiday.
	Saturday and the basic workweek does not include Saturday	The preceding workday is designated as the holiday.
	A workday other than the scheduled holiday and the employee is prevented from working on that day	That day becomes the employee's holiday. *

\* Example: A holiday falls on Saturday but regular full-time employees are given Friday off as their holiday. The office is closed on Friday so a first-40-hour employee whose tour of duty is Tuesday through Saturday is prevented from working on Friday. Friday becomes his/her holiday and he/she reports for work on Saturday. The employee will receive regular compensation (not holiday pay) for Saturday.

A part-time employee is entitled to be excused from work on any holiday that falls on a day included in the regularly scheduled tour of duty.

A part-time employee is not entitled to a day off when a holiday falls on one of the nonworkdays. Therefore, there is no “in lieu of” holiday for part-time employees.

**Part-time  
Employees**

If a part-time employee is prevented from working, due to a holiday, or some day other than the holiday, the day the employee is prevented from working will be the holiday. An employee does not receive 2 days off because he/she may be prevented from working on a day other than the holiday.

**Example:** If Saturday is the holiday and the employee is scheduled to work both on Friday and Saturday but is prevented from working on Friday, then Friday is deemed to be the holiday and not Saturday. In this case, he/she is excused from work on Friday but must work on Saturday.

For the purpose of statutes relating to pay and leave of employees, with respect to a legal public holiday and any other day declared to be a holiday by Federal statute or Executive order, the following applies:

- **Nonworkdays Other Than Sunday** - If a holiday falls on a nonworkday of the employee (except for holidays falling on a Sunday nonworkday) the employee's preceding workday will be the designated "in lieu of" holiday (5 U.S.C. 6103).
- **Sunday Nonworkday** - If the holiday falls on the Sunday nonworkday of an employee, the subsequent workday will be the employee's designated "in lieu of" holiday. (Section 3, Executive Order 11582, February 11, 1971).
- **Part-time employees** - Part-time employees are not entitled to an "in lieu of" holiday when a holiday falls on a nonworkday for the employee (5 CFR 610.405).

**Determining  
"In Lieu of"  
Holidays for  
Full-time  
Employees  
on Flexible  
or  
Compressed  
Work  
Schedules**

**Exception:** The Administrator of an agency may prescribe rules under which a different "in lieu of" holiday is designated than would be required under 5 U.S.C. 6103(b), E.O. 11582, or the terms of any collective bargaining agreement, for full-time employees on compressed work schedules when it is determined that a different "in lieu of " holiday is necessary to prevent an "adverse Agency impact."

Adverse Agency Impact (5 U.S.C. 6131[b]) means the following:

- Reduction of productivity of the agency;
- A diminished level of services furnished to the public by the agency;  
or
- An increase in the cost of agency operations (other than a reasonable administrative cost relating to the process of establishing a flexible or compressed work schedule).

An employee may not elect to move his/her nonworkday to another day of the week, nor may an employee be required to move his/her regularly scheduled off day solely to change holiday pay/leave entitlements.

Employees who emulate compressed schedules under maxiflex may reschedule their tour for any pay period in which a holiday falls on their scheduled day off. In all cases the holiday will remain as the holiday. Full-time employees are only allowed 8 hours administrative leave for any holiday (5 USC 6124).

**Example:** Edie Employee has the following schedule under maxiflex:

	<b>Mon</b>	<b>Tues</b>	<b>Wed</b>	<b>Thurs</b>	<b>Fri</b>
<b>Week 1</b>	9 hours	9 hours	9 hours	9 hours	9 hours
<b>Week 2</b>	Off	9 hours	9 hours	9 hours	8 hours

**Holidays for  
Employees  
on Maxiflex  
Schedules**

During a certain pay period, a holiday occurs on the second Monday of the pay period. Edie requests to reschedule her work hours for the pay period as follows:

	<b>Mon</b>	<b>Tues</b>	<b>Wed</b>	<b>Thurs</b>	<b>Fri</b>
<b>Week 1</b>	9 hours	9 hours	9 hours	9 hours	9 hours
<b>Week 2</b>	Holiday (8 hours administrative leave)	9 hours	9 hours	9 hours	Off

Edie may also choose to work 1 hour longer on another day to still have an 8 hour day on Friday.

	<b>Mon</b>	<b>Tues</b>	<b>Wed</b>	<b>Thurs</b>	<b>Fri</b>
<b>Week 1</b>	9 hours	9 hours	9 hours	9 hours	8 hours
<b>Week 2</b>	Holiday (8 hours administrative leave)	9 hours	9 hours	10 hours	Off

Only full-time employees are entitled to an in-lieu of holiday when a holiday falls on a non-workday.

**Who is  
Eligible for  
an In Lieu of  
Holiday?**

Permanent, temporary, and term employees are eligible for an in-lieu of holiday on the first day of their appointment.

Part-time employees are not eligible for an in-lieu of holiday when a holiday falls on a non-workday.

Intermittent employees may not receive pay when no work is done on a holiday.

**Changing In  
Lieu of  
Holidays**

Holidays and in-lieu of holidays are mandated by statute and Executive Order. In lieu of holidays occur when the holiday falls on a non-workday. For example, an employee works Monday through Friday and the holiday falls on a weekend day, e.g., Sunday. The in lieu of holiday becomes Monday. Holidays are determined based on an employee's scheduled tour of duty. For this reason, in lieu of holidays may not be changed. The exception becomes the maxiflex tour of duty where, due to the tour's flexibility, an employee may request to change their day(s) off under the tour.

For example, an employee's non-workdays are Saturday and Sunday. The holiday falls on Saturday and the in lieu of holiday is Friday of the prior workweek. Normally, the employee's day off under maxiflex is on Friday. The employee may change their day off to Wednesday. The in lieu of holiday remains Friday.

If the holiday falls on an employee's non-workday, then the in-lieu of holiday is the workday immediately before the holiday (unless an exception applies). This could result in the in-lieu of holiday occurring in the previous pay period.

**In Lieu of  
Holiday in a  
Previous  
Pay Period** For example, an employee's regular workdays are Tuesday through Saturday, and non-workdays are Sunday and Monday. If the holiday falls on Monday, then the employee's in-lieu of holiday is Saturday in the prior workweek (even if that Saturday fell in a prior pay period)

Use the tables below to determine your holiday. Find the line that shows your regular workdays and regular non-workdays (NW) and the yellow highlighted day is your holiday.

\*An agency may designate a different non-workday in-lieu of Sunday (E.O. 11582). Therefore, when a holiday falls on Monday or Tuesday, and Sunday is the regular workday, the in-lieu of holiday is observed on Wednesday (An employee may work on Sunday and will not lose the Sunday differential).

**Holidays for  
Employees  
at Duty  
Posts  
Outside the  
United  
States**

Whenever Monday is designated as a holiday under 5 U.S.C. 6103(a), the first regularly scheduled workday in the week is the holiday for a Federal employee working overseas whose basic workweek includes Monday, but is not the typical Monday through Friday work schedule that is found in the U.S. This will have the effect of providing 3-day weekends (Friday, Saturday, and Sunday) for employees working overseas whose basic workweek is Sunday through Thursday. (P.L. 105-261, Strom Thurmond National Defense Authorization Act, 1999, effective 10/17/98).
