What are Smart Benefits?

Smart Benefits are an electronic way to receive your transit benefits. Your benefits are electronically added each month to your Metro registered SmarTrip card. The SmarTrip card is a permanent plastic farecard that you register with Metro at the time of purchase with your name, address, and password. Employees must also be enrolled in the USDA Commuter Transit Subsidy Benefits Program in order to participate. Employees who ride modes of mass transportation must enroll in Smart Benefits.

**How Do I
Apply?**

To apply for Smart Benefits, employees must presently own or purchase a SmarTrip Card. The SmarTrip Card must also be registered online at <http://www.wmata.com>. Once the card is registered applicants must complete the USDA – Transit Benefit Program Application System at: [USDA | US Department of Transportation](#). The application will be routed electronically to both your supervisor and the Transit Benefit Coordinator for approval before moving on to DOT for final processing.

**When are
Smart
Benefits
Effective?**

Once the application is processed, Smart Benefits participants can load their benefits on a monthly basis any time during a given month when passing through any Metro faregate. Existing balances will remain on the card. Unclaimed benefits do not carry over. Employees may not claim retroactive benefits or future benefits.

If your SmarTrip card is lost, stolen, broken, or damaged, use the following chart to have it replaced:

What Happens If my SmarTrip Card is Lost or Stolen?	Step	Who	Does What?
	1	Transit Benefit Participant	Purchases a new SmarTrip card and registers it online with Metro at http://www.wmata.com .
	2	Transit Benefit Participant	Informs Metro that you have lost your SmarTrip card by Contacting Metro SmarTrip customer service at 888-762-7874. Ask Metro to transfer any personal funds from your old car to the newly registered one.
	3	Transit Benefit Participant	<p>Submits an Address/SmarTrip Change Application in the electronic application and include the new card number.</p> <ol style="list-style-type: none"> 1. This same process applies to broken or damaged SmarTrip cards.

**Can My
Smart
Benefits Be
Used For
Parking?**

No, employees must add their own money to their SmarTrip card to cover parking costs. Agency funds must only be used for commuting.

You may continue to use the benefits currently on the card; however, you must complete a USDA Transit Benefit Program withdrawal application to cancel participation in the program. If applicable, you should pay back any overpayment of the Smart Benefits for the month (s) AFTER the separation effective date.

To reimburse the Agency for an overpayment of Smart Benefits:
